

COOKIES

Cookies:

A cookie is a small text file that is stored on a tablet, mobile device, or computer. A cookie makes your everyday life easier by storing information about your usage habits on websites and remembering the choices you make. For example, cookies automatically fill in form data you have entered, so you don't have to fill in the information again each time.

What types of cookies does Zenito Oy use?

Zenito Ltd uses only essential cookies. These cookies are important for the basic functions of the website and its key features, such as technical functions that ensure the site works as expected.

Cookies contain a unique identifier that allows users to be recognized. Zenito uses cookies on its online service website to provide services, authenticate usernames and passwords, and enable users to log in to the service. By using Zenito's online service Zenistock.com, the user accepts the use of cookies.

The information provided by the cookie panel is made transparent so that you can see which cookies are in use to improve your browsing experience. This way, you can make an informed decision about whether to keep them enabled. Please note that to use the service, the customer must always accept the use of cookies.

In some cases, the use of cookies involves the processing of personal data. We have appropriate technical, organizational, and administrative security measures in place to protect all data. You can read more in Zenito's Data Protection Notice.

You can choose in your browser settings whether to accept the use of cookies. If you do not accept the use of cookies, you cannot use the website and service.

Different web browsers may use different methods to manage cookies. Please follow the instructions below, directly from the browser manufacturer, to configure your browser settings:

- Google Chrome ([Evästeiden poistaminen, käyttöönotto ja hallinnointi Chromessa](#))
- Safari ([Manage cookies and website data in Safari on Mac - Apple Support](#))
- Firefox ([Evästeiden salliminen ja estäminen](#))
- Microsoft Edge ([Evästeiden poistaminen Microsoft Edgessä](#))
